Your next steps

Coastal takes your project from your first question to a finished building.

1. **A call or a free site survey**
   Talk through your plans, your garden and this design with Coastal (free site surveys within 25 miles), who will advise on the base, access and position.

2. **Your design and quote**
   Coastal finalises the building with you in Lugarde's official configurator and quotes the whole project in writing.

3. **Base and delivery**
   Coastal's team prepares the base and the building arrives from Lugarde, made in the Netherlands.

4. **Installation**
   Coastal's own fitters install it and make sure you are completely happy, with after-sales support to follow.
